Professional Summary

Java Full Stack Developer specializing in Spring Boot and Next.js application development. Proven experience in building complete web applications with RESTful backends, microservices architecture, and responsive UIs.

Technical Skills

- **Backend:** Java, Spring Boot, REST APIs, Microservices
- **Frontend:** Next.js, React, JavaScript (ES6+), HTML5, CSS3
- **Databases:** MySQL, Database Design, JPA/Hibernate
- **DevOps:** Git, GitHub, Docker (Basic), CI/CD Pipelines (Basic)
- **Architecture:** Event-Driven Systems, MVC, Microservices

Education

B.E. in Electronics Telecommunication Engineering

JSPM's Imperial College of Engineering and Research, Pune
CGPA: 9.57/10

2022–2026

Professional Experience

Software Developer Intern

Shorat Innovations Pvt Ltd

Jan–Feb 2025

- Worked on Spring Boot backend development and system troubleshooting
- Supported web application development and basic software maintenance
- Assisted in resolving technical issues and maintaining system documentation

Key Projects

SAFE-V: Hardware + Web Integrated Vehicle Safety System

[Live Demo](#) — [Working Demo](#)

- Developed real-time vehicle monitoring system detecting accidents, gas leaks, and fires
- Tech Stack: Next.js frontend, Spring Boot + MySQL backend, ESP32 hardware
- Implemented automated emergency alerts via email/SMS/Telegram APIs

HealthOrbit.AI: Event-Driven Microservices with AI Integration

[Source Code \(Backend\)](#) — [Source Code \(Frontend\)](#) — [Working Demo](#)

- AI-powered health platform with doctor-like prescription capabilities using Gemini AI
- Event-driven microservices architecture with Spring Boot, Config Server, and Eureka
- Real-time health monitoring with RabbitMQ message broker
- Comprehensive fitness tracking and analytics dashboard

Printify: Secure Print Shop Management System

[Source Code](#) — [Working Demo](#)

- Cutting-edge web application for secure print shop operations
- Features: Room management for print jobs, secure document uploads, anonymous chat
- Tech Stack: Spring Boot backend with secure link generation and real-time communication

Certifications & Languages

- [Complete Web Development Course \(Udemy\)](#) - ReactJs, NextJs, JavaScript
- [Spring Framework 6 & Spring Boot 3 with Spring AI \(Udemy\)](#) - Core Java, JDBC, spring boot
- [Docker for Java Developers \(Udemy\)](#) - Docker Basics, containerization

Languages: English (Professional Proficiency), Marathi (Native), Hindi (Fluent)
